

## Rechargeable 20W/1500 Lumen White Portable Work Light

**SKU# RS-20W-1500LM-W**

### Product Over View:

This high-powered, portable LED work light is rechargeable, so you can illuminate any area without the hassle of cords and outlets. The dimmable square work light emits 1500MAX lumens of natural white illumination in a wide 120° flood beam pattern. Easily dim the light using the power button located on it's the battery case; choose from 2 main dimming levels. The heavy-duty LED work light is constructed of a weatherproof aluminum housing, tempered lens, and a fully adjustable steel tube stand with padded hand grip. A rechargeable lithium-ion battery provides up to 8 hours of light (depending on dimming level) after 4-6 hours of charging depending on how drained the battery was. Includes a power cable with 12V accessory adapter plug and a 100-240 VAC power supply with 4' power wire for indoor use.

# Specifications

#### Battery Type

Rechargeable

#### Beam Angle

120 degree

#### CRI

70+

#### Color Temperature

6500K

#### DC Jack Type

5.5mm Barrel Connector

**Dimmable**

Yes

**Finish**

Yellow

**IP Rating**

Weatherproof IP65

**LED Color**

Cool 6500K

**LED Lifetime**

50,000 Hours

**LED Type**

COB (chip-on-board)

**Lumen**

1500 MAX Lumen

**Material**

Aluminum

**Operating Temperature**

-30~+45 °C (-22~+113 °F)

**Operating Voltage**

100~240 VAC, 12~24 VDC

**Special Features**

12V Accessory Plug Rechargeable, Dimmable, Rechargeable, USB Port, Weatherproof

**Standards and Certifications**

CE and RoHS Compliant

**Total Power Consumption**

20 Watts
